

**Patterns (Interactive Math Project)**

**STUDENT NAME:**

	Outcome 1	Outcome 2	Outcome 3	Outcome 4	Outcome 5	Outcome 6	Outcome 7	Outcome 8
Assignment	Demonstrates ability to express rules in complete sentences	Demonstrates ability to use a concrete model and/or rules to understand and perform adding and subtracting signed integers	Demonstrates ability to use a concrete model and/or rules to understand and perform multiplication of signed integers	Demonstrates ability to apply properties of order of operations.	Demonstrates ability to measure and draw angles.	Demonstrates ability to paraphrase a Problem of the Week in the problem statement component of the Write-Up.	Able to make logical conjectures	Portfolio is completed and demonstrates understanding of key mathematical concepts.
